**Proposed Project:**  
The construction of a mixed-use building with 180 apartment units and 15,000 square feet of ground floor commercial use. The building will be 6 stories (62 feet) tall and encompass about 160,500 square feet of floor area. An existing 28,900-square foot commercial building will be demolished. The project will provide 206 automobile parking spaces in one level of ground floor and one level of subterranean parking, 214 bicycle parking spaces, and 18,418 square feet of open space. The project will contain fifteen (15) restricted affordable units for Very Low Income tenants for a period of 55 years. This is 11 percent of the base density, 133 units, permitted by the C2-1 zone. The applicant proposes to utilize a 35% Density Bonus increase, which allows a total of 180 units in lieu of the maximum density permitted by right, and Parking Option 1. Additionally, the applicant requests two off-menu development waivers for relief from regulations that are not listed as on-menu Density Bonus Affordable Housing Incentives: 1) relief from the Wilshire Community Plan Map Footnote #5, which limits the C2 zone with Neighborhood Commercial Land Use to Height District 1 - a Floor Area Ratio (FAR) of 1.5:1; and 2) an increase in FAR from 1.5:1 to 3:1. The applicant must request an off-menu incentive to increase the FAR, as it exceeds the maximum 35% increase allowed per LAMC Section 12.22 A.25 (f)(4)(i) and does not front on a Major Highway as identified in the City's General Plan per Section 12.22 A.25 (f)(4)(ii).

**Requested Actions:**

Pursuant to Los Angeles Municipal Code (LAMC) Section 12.22 A.25, a Density Bonus approval to permit a 180-unit rental housing development, with 15 units (11%) of the base 133 units allowed by right, restricted to Very Low Income Households for a period of 55 years, and the utilization of Parking Option 1.  
   a. Pursuant to Section LAMC 12.22 A.25(g)(3), an off-menu incentive for relief from the Wilshire Community Plan Footnote #5, which limits the C2 zone with Neighborhood Commercial Land Use to Height District 1 (Floor Area Ratio of 1.5:1).  
   b. Pursuant to Section LAMC 12.22 A.25(g)(3), an off-menu incentive to permit more than a 35% increase in the Floor Area Ratio, not to exceed 3:1 in lieu of the otherwise allowable maximum of 1.5:1.
