From: Larry Meyerhofer, Planning Chief

Subject: **2018 CITY OF LOS ANGELES Emergency Operations Plans**

- Brush Fire Annex

- Emergency Public Information Annex
- Urban Flooding Annex

Executive Summary

Federal guidelines require that the City of Los Angeles update its Emergency Operations Plan, Annexes, and Appendices, every two years. The Emergency Management Department (EMD), identified as the lead City agency for emergency preparedness by the Administrative Code, oversees this process and has created a two year schedule to ensure that all plans are reviewed and updated in a two year cycle.

During the review and update process, pertinent departments were asked to update their sections of the plans. The Planning Subcommittee, represented by various City agencies, has also been given an opportunity to review and discuss these plans in an open forum. Up to this point, very few issues or concerns regarding the updates to these 5 plans have been expressed by Planning Subcommittee members.

EMD requests the EMC approve these plans and forward it to the Emergency Operations Board for approval and transmittal to the City Council for approval and adoption.
